

Louis Whitmore Jr.

Narrative Designer | Game Writer

Lwhity92@outlook.com • (443) 684-4268 • Florida, USA • [Itch.io](#) • [Portfolio Site](#)

Narrative designer and game writer with a background in world-building, character voice, and interactive storytelling. Experienced translating complex lore into structured documentation and dialogue built for actual gameplay delivery, not static exposition. Also produces scripted video content as a solo creator. Completing a B.S. in Web & Digital Design at UMGC in December 2026.

Professional Experience

TroubleCub Games, Remote 2022, Dec 2025 – Present
Founder & Narrative Designer | Two Little Wounds

- Wrote the entire Level 1 script (dialogue, cutscenes, and story beats), forming the game’s opening sequence.
- Writing the Two Little Wounds World Bible, a full universe document covering cosmology, timeline, factions, power systems, characters, and bestiary — several core sections complete
- Drafted backstories for select factions and villains within the World Bible, establishing tone and internal consistency for antagonist writing
- Wrote a 12-beat cinematic trailer storyboard and designed the In-Game Codex structure for gating and delivering lore to players

TroubleCub Games YouTube Channel, Remote 2025 – Present
Creator & Script Writer

- Writing scripted comedic and gaming-focused video content, developing recurring bits, character voice, and comedic timing for an early-stage channel
- Writing, producing, and editing video content from scripting, recording, and editing in CapCut

Aspira, Remote Jul 2024 – Present
Technical Support Specialist

- Translate technical details and troubleshooting steps into clear guidance for clients with varying levels of technical experience
- Document all pertinent issue and request information in full, maintaining consistent, policy-compliant records across every client interaction
